Mr. Miles explained that since Kootenai County is an urbanized area and KMPO does the planning for Kootenai County, those agencies that want to receive federal transit administration assistance have to apply to ITD and have to receive a recommendation from the MPO. TESH, Inc. has applied for funding assistance for the purchase of two vans and also providing operational assistance. A goal was also established of having TESH, Inc. integrate 10% of the ridership over the next 5 years to the extent possible that they begin the process of integrating ridership into the KATs or Citylink systems. He states that there is a recommendation from KCATT that this be approved.
