This project will reduce serious and fatal crashes at the SH53, N. Ramsey Rd Intersection. The intersection is a high accident location and the project will install a new traffic signal, left and right turn bays on SH53, left turn bays on Ramsey Rd, illumination, and new signing.

This amendment does not affect the projects anticipated impact on safety performance measures, and is supported by ITD District 1. ITD certifies they have sufficient funds in the program to support the increase within this Administrative Amendment.

Amendment #12 is approved effective April 28, 2020 and will be posted on the KMPO Website effective April 29, 2020.
