TO: Shauna Miller, ITD, Public Transportation Office
FROM: Glenn F. Miles, Executive Director
SUBJECT: **2020-2026 KMPO TIP Administrative Amendment Request #21 Modification to existing scope of work for FTA Section 5339 Kootenai County Riverstone Transit Center Phase 2 KN 19430**

Kootenai Metropolitan Planning Organization (KMPO) has reviewed and concurs with the request by Kootenai County to revise the existing scope of work, for the FTA Section 5339 funded Riverstone Transit Center Phase 2 Improvements. The request is to increase the currently approved 20' by 10' storage shed to 30' by 20' for the storage of articles specifically related to the maintenance of the Riverstone Transit Center. Kootenai County has further agreed the building will be designed and constructed with only electrical utilities provided. The storage building will meet requirements associated with the Riverstone Master Agreement and the City of Coeur d' Alene.

This amendment does not impact the remaining scope of work, or the KMPO Board approved budget for this project.

Amendment #21 is approved effective October 9, 2020 and will be posted on the KMPO Website by October 19, 2020. Should you have questions, please contact me at (208) 930-4164.
