								10/15/2020	

KN 20120 adds \$296,707 to the FY 2021 program year for land purchase on the project, with an offset from KN 20098 in the same amount. **KN 23092** Canyon Road Bridge Feasibility Study is added to the FY 2021 program, which is a companion study associated with an already programmed ITD project. The funds will be provided the existing funds available for studies.

ITD certifies they have sufficient funds in the State program to support these increases in the FY 2021 program year as an Administrative Amendment. This amendment will also have a concurrent amendment to the FY 2021-2027 TIP.

Amendment #22 is approved effective October 15, 2020 and will be posted on the KMPO Website effective October 19, 2020. Should you have questions, please contact me at (208) 930-4164.
