The 2021-2027 Transportation Improvement Program **Amendment #2** provides for the modification of funding to existing projects by Administrative Modification as long as the Design, Concept and Scope of the Project are not substantially modified. This amendment meets the threshold requirements for an Administrative Modification as only the source of funds is being modified.

ITD certifies they have the funds available from GARVEE funding for obligation to support the modification.

The Kootenai Metropolitan Planning Organization, approves **Amendment #2** as identified above effective March 3, 2021.

This amendment will be posted on the KMPO website at [www.kmpo.net](http://www.kmpo.net) on **March 3, 2021**.
