SUBJECT: 2021-2027 KMPO TIP **Amendment #4 Modifying two programmed FTA projects forward to FY 2021**

Kootenai Metropolitan Planning Organization (KMPO) has received a request from the Idaho Transportation Department to modify the approved 2021-2027 Transportation Improvement Program. This amendment request is to increase funding levels to two projects currently in the program, using funding available through ITD's statewide balancing process.

Intersection of Ramsey Road and SH-53	FY 2022 Add PE in FY 2021	\$ 10,000.00
SH-41 East Prairie Ave to Boekel Rd	FY 2021 Increase CN	\$ 43,000.00

The 2021-2027 Transportation Improvement Program **Amendment #4** provides for the amendment to existing projects by Administrative Modification where the changes do not materially change the design, concept, or scope of the project currently in the program. This amendment meets the threshold requirements for an Administrative Modification as only the funding is being modified, which is below the threshold for a major amendment.

ITD certifies they have the funds available through their statewide balancing program to provide additional support to the project.

The Kootenai Metropolitan Planning Organization, approves **Amendment #4** effective April 6, 2021

This amendment will be posted on the KMPO website at [www.kmpo.net](http://www.kmpo.net) on **April 6, 2021**.
