The 2021-2027 Transportation Improvement Program **Amendment #7** provides for the amendment to an existing project by Administrative Modification where the changes do not materially change the design, concept, or scope of the project currently in the program. This amendment meets the threshold requirements for an Administrative Modification as only the funding is being modified, which is below the threshold for a major amendment.

ITD certifies they have the funds available through Statewide Balancing to address the requested project amendments.

The Kootenai Metropolitan Planning Organization, approves **Amendment #7** effective April 23, 2021.

This amendment will be posted on the KMPO website at www.kmpo.net on **April 26, 2021**.
