The 2021-2027 Transportation Improvement Program **Amendment #10** provides for the amendment to an existing programmed project by Administrative Modification where the changes do not materially change the design, concept, or scope of the original project currently in the program. This amendment also meets the threshold requirements for an Administrative Modification as the modification is being supported with available funding that has been previously programmed for the same purpose and is also below the threshold for a major amendment.

Kootenai County certifies they have available FTA Section 5307 apportioned funds available through their allocation of the Idaho Governor’s apportionment to support this project, and the Kootenai County Board of County Commissioners have authorized the use of the \$324,000 in FTA Section 5307 funds for the purposes stated within this amendment.

The Kootenai Metropolitan Planning Organization, approves **Amendment #10** effective June 1, 2021.

This amendment will be posted on the KMPO website at www.kmpo.net on **June 2, 2021**.
