The 2021-2027 Transportation Improvement Program **Amendment #14** provides for the amendment to an existing or previously programmed project by Administrative Modification where the changes do not materially change the design, concept, or scope of the original project previously obligate or currently in the program. This amendment also meets the threshold requirements for an Administrative Modification as the modifications are being supported with available funding that has been either previously programmed for the same purpose and approved by the ITD Board based on available State and/or Federal Funding.

ITD certifies they have State or Federal funds available and have been authorized by the ITD Board for the use of those funds on the project identified above. The Kootenai Metropolitan Planning Organization, approves **Amendment #14** effective July 23, 2021.

This amendment will be posted on the KMPO website at www.kmpo.net on **July 26, 2021**.
