SUBJECT: 2022-2028 KMPO TIP **Amendment #8** Request to modify the FY 2022 Transportation Improvement Program by adding project KN 23607 I-90 Spokane Street to U.S. 95 to the FY 2022 program year and adding \$17,500,000 in TECM funding for Engineering and Design (PC) for the project

This amendment creates a new project Key Number and Project as a subset of a currently programmed project KN 22293 to better identify programmed project funding for this segment of the I-90 widening project. This amendment provides programmed funding for \$17,500,000 in TECM funding for **KN 23607, I-90, Spokane Street to U.S. 95** to the FY 2022 program year. This necessitates an amendment to the currently active FY 2022-2028 Transportation Improvement Program FY 2022 program year from available ITD sources.

The 2022-2028 Transportation Improvement Program **Amendment #8** provides for the amendment to an existing or previously programmed project by Administrative Modification where the changes do not materially change the design, concept, or scope of the original project previously obligated or currently in the program. This amendment also meets the threshold requirements for an Administrative Modification as the modifications are being supported with available funding that has been either previously programmed for the same purpose or based on available State and/or Federal Funding.

ITD certifies they have State or Federal funds available and have been authorized by the ITD Board for the use of those funds on the project identified above. The Kootenai Metropolitan Planning Organization, approves **Amendment #8** effective March 30, 2022

This amendment will be posted on the KMPO website at www.kmpo.net on **March 30, 2022**.
